

Materials

- Yarns in burgundy, white and black
- Sewing needle
- Stuffing
- Glue
- Black felt

I used the colors Red Night, White and Black from Balloon Amigo

Abbreviations

(US terminology)

- sc = single crochet
- slst = slip stitch
- hdc = half double crochet
- inc = increase *(3 sc in the same stitch)*
- incT = triple increase
- dec = decrease
- ch = chain
- (n°) = number of stitches at the end of the round

Free pattern by @amigu.maru - #amigeekweek

Head

Let's start at the base of the head and then make the horns! Using white yarn, start with:

- 1.** 6 sc in magic ring
- 2.** 6 inc (12)
- 3.** 2 sc, 2 inc, 4 sc, 2 inc, 1 sc, 2 ch (15 sc + 2 ch)

Let's attach the chain to the head by making 1 sc in the second stitch at the beginning of row 3. The idea is to create a small hole in the head. Let's continue row 4 with:

- 4.** 1 sc, 2 inc, 6 sc, 2 inc, 2 sc, 1 sc at the first chain (1 ch + 19 sc)

→ The second chain stitch, which was above the first stitch of row 3, will continue to be the first stitch of the following rows.

- 5.** 1 sc at the second chain, 3 sc, 2 inc, 8 sc, 2 inc, 4 sc (24)

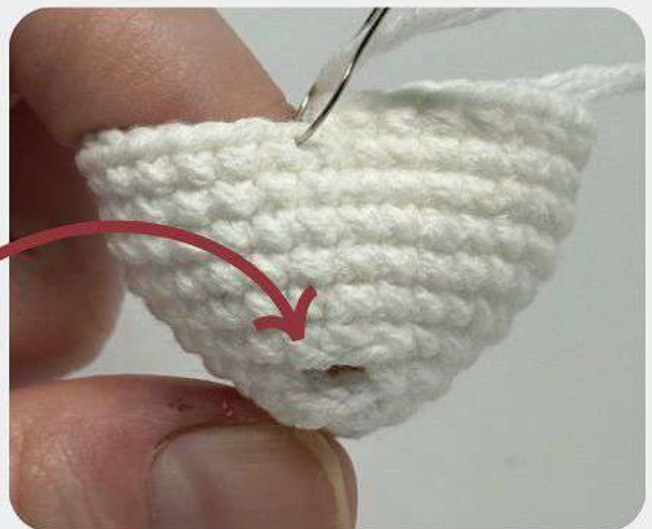

- 6.** 24 sc

- 7.** [5 sc, 2 inc, 5 sc] x2 (28)

- 8 e 9.** 28 sc

- 10.** [6 sc, 2 inc, 6 sc] x2 (32)

The idea of the two chains in row 3 is to make the neck hole

Horns (x2)

Now, we're going to split the head in half, and each half will become a horn. This part is a little tricky, so read carefully and do it slowly, and it will work!

!! Note that the head division must be aligned with the neck hole because it is from this hole that we will start the body, so it may be necessary to make or undo some stitches before starting the next step!!

Start with two chains, attach with 1 sc in stitch 17, inserting the hook from front to back. Make sure the division is centered with the neck hole and that each horn division has 18 sc to continue.

Free pattern by @amigu.maru - #amigeekweek

Horns

(Continuation)

Let's start with the first horn! The sc we made in the previous step to secure the two chains will be considered the first stitch of row 11, from there we will continue with:

- 11.** 16 sc, 1 dec at the chains (17)
- 12.** 1 dec, 13 sc, 1 dec (15)
- 13.** 13 sc, 1 dec (14)
- 14.** 14 sc (14)
- 15.** 7 sc, 1 dec, 5 sc (13)
- 16.** 13 sc (13)
- 17.** 5 sc, 1 dec, 6 sc (12)
- 18.** 12 sc (12)
- 19.** 6 sc, 1 dec, 4 sc (11)
- 20.** 4 sc, 1 dec, 5 sc (10)
- 21.** 5 sc, 1 dec, 3 sc (9)
- 22.** 3 sc, 1 dec, 4 sc (8)
- 23.** 4 sc, 1 dec, 2 sc (7)
- 24.** 2 sc, 2 dec, 1 sc (5)

Fasten off with the inverted magic ring

Horns

(Continuation)

Now, we'll hook the white yarn back into row 10 of the body to make the second horn. This part can be a bit confusing and requires a lot of attention!

To maintain symmetry, we'll hook the yarn into the first stitch of row 10. To do this, we'll make a slip knot and pull through this first stitch, then we'll chain a single crochet stitch into this same stitch. This will be our first single crochet stitch for the second horn. Now, simply repeat the steps from row 11 to row 24 on the previous page.

Note that, when you complete row 11, there may be some holes in the head. Carefully thread a separate piece of white yarn to close these holes (this can be at the beginning or end of the second horn).

Body

With black, make a slip knot, hook it into the stitch at the bottom of the head, make 1 ch and 1 sc in the same stitch, this will be your first stitch of the row.

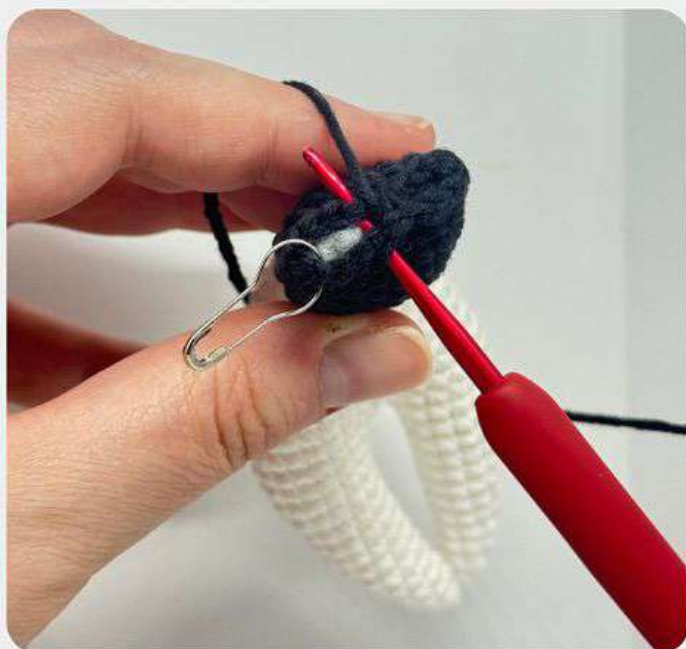

1. beyond this first stitch, we will make 1 sc, 4 hdc (6)
2. 3 sc, 2 hdc, 1 sc (6)
3. 6 inc (12)
4. [1 sc, 1 inc] x6 (18)
- 5 **até 10.** 18 inc (6 rounds)

Now let's separate the two legs. This will be done by working row 11 as normal, and in the two stitches in the middle of the back body, we'll do them by picking up the two stitches in the middle of the front. The idea is that this division will be in the middle of the body, so you may need to make or undo stitches. After this division, each leg will have 7 sc.

11. 14 sc, 1 sc picking up sc 15 and sc 7, 1 sc picking up sc 16 and sc 6

Body

Free pattern by @amigu.maru - #amigeekweek

Legs (x2)

Let's continue with the legs:

12. 7 sc

13. 5 sc, 1 dec (6)

14. 6 sc

15. 2 sc, 1 dec, 2 sc (5)

16. 5 sc

17. 3 sc, 1 dec (4)

18. 4 sc

19. 1 sc, 1 dec, 1 sc (3)

Fasten off with inverted magic ring

Hook the black yarn to row 11 of the body and repeat the steps to make the second leg.

Cloak

With the burgundy, we'll do:

25 ch, close with 1 slst in the first stitch and continue with:

1. 25 hdc
2. 25 hdc
3. 25 hdc
4. 25 incT of hdc (75) *Três mpa no mesmo ponto*
5. 75 hdc
6. 75 hdc
7. 75 hdc
8. 75 hdc
9. 75 hdc
10. 75 hdc

Hook the burgundy yarn onto the top chains and do:
[2 hdc, 1 hdc inc, 2 hdc] x 5 (30)

To attach the cloak to Horner, we'll take a piece of burgundy yarn and thread it through row 2, alternating stitches. In other words, using a tapestry needle, we'll insert the yarn into row 2 and pass it through the front and back of each stitch until we reach the beginning. Place the cloak on the doll and pull it tight, tie a knot, and hide the yarn inside the cloak. (video on the next page)

Arms (x2)

With black, we'll do:

1. 4 sc in the magic ring

2 to 6. 4 sc (5 rows)

Close with 2 sc, picking up 2 stitches at the same time

Sew between rows 4 and 5 of the body

Eyes (x2)

The eyes are made of black felt. To get the shape and size right, you can make a paper template and test it on the character's face until you get the shape you want. Then, cut out two felt eyes and glue them to the doll.
